BARTERTHING.COM LAUNCHES \$1000 REWARDS CARD CAMPAIGN!

MANVILLE, RI, April 7, 2008:

MBM Investment Group Corporation announced that they are making some serious changes to their online member contest. Since early January, their premier product site, BarterThing.com, has enticed new members with a monthly contest touting a \$200 Gas Card. With membership on the rise, the company is now looking to sweeten the deal. Last month they upped the value by a factor of five. The monthly drawing is now a \$1,000 Rewards Card. The site, www.barterthing.com, is quickly becoming one of the top sites visited for online personal bartering of goods and services.

Robert Johnson, President of MBM, said "it's important to not only draw new members in, but show our thanks to the ones that have joined on board. We figured what better way than with a really big prize." The company has awarded prizes to members in January and February of this year. The March drawing is currently under way. That winner will be the first to get the new high dollar rewards gift.

MBM has made recent technical changes to the site to increase visibility and site traffic. Recent tracking has shown that traffic and membership continues to increase exponentially month after month.
